Grant Application Form

The Essex Society for Archaeology and History ('ESAH') in furtherance of its charitable aims awards grants to support conservation, research and management of the archaeology and history of Essex. All grants are awarded at the discretion of the Executive Council. Please complete the interactive form if you wish to apply for a grant and submit to the Hon. Secretary. Grants will be awarded in January, April, July and October each year. If there are reasons why your application needs to be considered more urgently, please contact the Society's Hon. Secretary. Once the Council has reached a decision, applicants will be informed, normally by email, of the outcome of their application.

At present all payments are made by cheque, successful applicants are required to acknowledge the grant provided by ESAH in any publication or publicity about their project. In addition, successful applicants are required to provide a short note on their project for inclusion in the ESAH newsletter; for longer projects regular updates for the newsletter will be required together with a note on conclusion of the work. For publication projects ESAH is keen to support work that is intended for one of its outlets, Essex Archaeology and History, Essex Journal or Occasional Papers but applications for work that is intended for publication elsewhere will also be considered.

Details of applicant (provide name and address of the individual or organisation applying for grant, please indicate if your application is to support personal research)

Brief outline of your project (not more than 500 words)

Timetable for your project

Is the grant requested from ESAH for a specific aspect of the project or a contribution to the general project budget?

Total project budget

Details of other organisations which are providing funding for your project, or which have been approached for funding.
